FAX RECEIVED

Sir:

JUN 06 2003

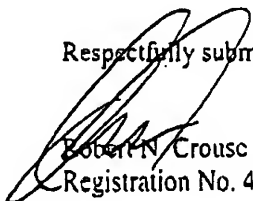

This Election of Species is responsive to the Office Action of May 7, 2003  
TECHNOLOGY CENTER 2800

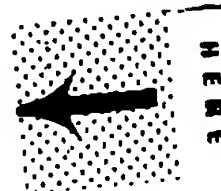

**REMARKS**

In response to the restriction requirement/election of species requirement in the Office Action of May 7, 2003, Applicants hereby provisionally elect Invention I and the species of Figures 2-5 with traverse, and requests examination of Claims 1-13, 34-41, and 60-62 which read thereon. Applicants respectfully request favorable examination and allowance of Claims 1-13, 34-41, and 60-62.

Applicants submit that, contrary to the assertion in the Office Action, at least Claim 1 is generic to species I and III. Applicants respectfully request that the Examiner acknowledge this generic nature of at least Claim 1 and withdraw the holding that Figures 6-8 illustrate a separate species from Species I as the Figures 6-8 illustrate latter steps to shown in Figures 2-5.

Respectfully submitted,
